

A throw back to ancient times..

Welcome to our HKliving 2020 catalogue, the edition that brings you everything; from emerging style trends to a throwback into ancient times. Yes, you read that right, in this edition we put the spotlight on the era of the Greek mythology. We created a collection that will take you back to ancient Greece. We are thrilled to show you around!

Sprint to page 10 to find those Greek influenced designs in our new tableware collection Athena ceramics. Swoon over the delicate shell shaped serving trays while setting the dinner table with geometrically shaped plates. Your dining chairs will fit elegantly under our new pillar dining table, (page 128). The pillar table is available in black and white and comes in 3 different sizes.

To backup the Roman inspired product range, we added several Greek style vases to our ever expanding collection. From column vases (page 6/7) to their shell shaped counterparts (page 38/39). It's easy to create your own show-stopping display without having to add pretty flowers.

Although our designer hearts are set on the ancient Greek times, we never lose sight of emerging style trends. Scroll through the catalogue to find our take on the terrazzo & marble trend. From elegant marble side tables (page 34/35) to funky marble/terrazzo serving trays (page 6), the two trends have teamed up and look better -than ever- together.

While taking that direction, of wandering in the past, we felt we also had to upgrade our Vint couch design. Therefore we created Jax, a couch with a sensational look-at-me feel. What else is allowed to take up that much space? (page 142). Jax highlights our vision of combining beauty with practicality. The round elements look so inviting but stylish at the same time. Shape your living space with Jax, for the best seat position possible.

We had to throw in some sassy stripes to add a splash of color to the scheme. Our new collection of striped pillows in velvet (page 136) will revamp every space in and around the house. This sophisticated look is also easy to achieve with the striped velvet bedlinen (page 125) or the striped velvet lobby bench (page 145).

Last but surely not least, the collection wouldn't be complete without the company of a couple of heroes from the past. Greek god Apollo accompanied by David (page 170 & 9) give your living area that bold and classic look.

Are you ready to take a step back into the ancient Greek times?

ps. Are you a longtime lover of our 70's ceramics? Make sure you scroll to page 107 to find some new colourful additions to this everlasting collection.

Kyoto ceramics

The tradition of the Japanese tea ceremony inspired us to create this range of earthy tableware. A serene and sensational assortment, filled with burnt earthy hues, turned out to be our take on this beautiful Asian ritual.

Beauty from the Far East

A real game changer in this neutral color scheme is our new Japanese ceramic salad bowl. It adds instant depth and warmth to a simple and restful palette. A few more items are added to the set of rustic tableware. This collection is made of hotel porcelain -a stronger kind of ceramic- glaze fired on a high temperature, for better quality and longevity.

All items in the Kyoto ceramics family are hand finished, which gives them that quirky unique look.

Romina Gris

We are passionate about design and love to work with like-minded artists. A collaboration opportunity appeared when we were introduced to the work of ceramic artist Romina Gris.

Born and bred in Barcelona, Romina works under the name Romina Gris Ceramics. This is her personal ceramic project that is inspired by the world of fine arts and architecture. Her skyline collection, a set of 5-piece vases, inspired by postmodern buildings. Such as the work of Michael Graves or Aldo Rossi, appeared to us as a perfect fit to our ancient Greek assortment.

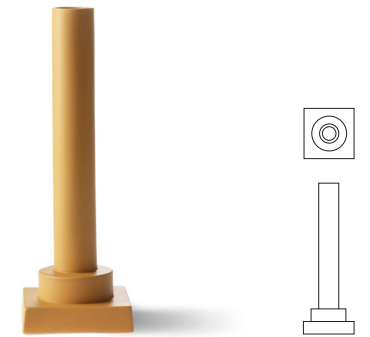

Each item of the ceramics represent an item from Ancient Greece. The Roman temple box in mint green gives the impression of a Greek temple, while the white Roman arch vase reminds us of ancient building principles, first built by the Romans. Put the 5 pieces together and you will see a skyline from Ancient Greece.

The ceramics are glazed and have a beautiful soft finish.

70's ceramics

When we first created this collection, we knew we made something special. The warm hues, the raw textures and the playful designs add sass to a beautiful scheme. The collection rocks layers of color, patterns and texture.

New

Whether you are a first time lover of our 70's ceramics, or a long term collector, there is always room for more. Again, more funky colors, new finishes and rusty designs found their way into our collection of mugs, bowls and plates. There is more to mix & match in order to create more ways of adding some jaw-dropping attention to your cupboard.

Snug in a mug

The largest upgrade was designed for our range of snugly mugs. What's better than to wrap your hands around a sassy model? This collection is for the ultimate modernist, with a touch of Seventies thrown in.

Taiwan lantern

We love traditional craftsmanship, which is reflected in these colourful lanterns. We are passionate about these pendants; not only because of their refined look, but just as much about the way they're made. The lanterns are carefully handcrafted by artisans in the mountains of Taiwan. After the shades are created, an artist paints each one of them by hand. That is what makes them different and truly unique.

Gallery ceramics

Curved furniture and powdery hues were the highlight of the Eighties. Inspired by those elements, we created a playful mix of organic shaped tableware in blush pinks with touches of blue hues and sunny yellow softness.

Crank your cupboard up a notch with these colourful beauties. The Gallery ceramic collection is dishwasher and microwave safe.
